

Queensland's Best Angler Real Fishing, Real Cash 2014 Competition

March QBA Round Up

Proudly Supported by  **MERCURY**

March was the month of records, including barramundi, mangrove jack, fingermark, coral trout, mooses perch, golden trevally, bass, silver perch, spangled perch and whiting. Quite a list, and a tribute to how diverse the QBA competition is.

Tackle World Bundaberg's Rocket Cash was won by Cameron Oster for his silver perch caught in 1hr and 8min. Barra Jacks Kawana's Mystery Length was won by Dan Gilding who win's \$50 cash for his Thread fin Salmon submission.

Troy Neilson with his Record 120cm.

Blake adds 62 points to his total with this Saratoga.

Lowrance joined the QBA sponsorship team and is giving away \$900 worth of Lowrance products to the winner of the QBA Complete competition. To go into the draw anglers must catch 11 key species for their geographic area, and a winner will be selected at random come the end of the year. There are no size restrictions (apart from legal minimums), the goal is to catch them all.

The March random prize draw of a Hobie Kayak Hire thanks to Tin Can Bay Boat Hire was won by Allan Chapman and this month there is an impressive collection of Shads lures up from grabs. To go into the draw all you have to do is submit a fish in the month of March, thanks to Shane and Justin from Shads.

Ash Graham with his 115cm Barra.

Terry Lamprecht with a massive 77cm Mangrove Jack

The QBA tournament revolves around anglers catching 11 species with each cm of fish contributing a point. The top 3 anglers at the end of 2014 will share in \$4000 in cash. There are also monthly cash giveaways over \$600, for anglers holding record fish to random cash giveaways.

Next month see's Mercury giving away some gear to a random fish entry and I'm quite excited to see what they have to offer. Please note that I'm overseas until the 1st of May so please be patient in regard to updating your captures as this may be quite a challenge for me.

Happy Fishing, Matt
