

Queensland's Best Angler

Real Fishing, Real Cash 2014 Competiton

September QBA Round Up

Proudly Supported by  **MERCURY**

September was most likely the most diverse month of the year pertaining to species variation. Nearly all species were represented with some very impressive captures submitted.

Records broken in September included Aaron Provost's 88cm Flathead, Steve Gablonski's 72cm Javelin and Zac Furlan's 87cm Fingermark. Thanks to QBA's many supporters each sponsored fish wins the record holder cash every month until beaten.

Barra Jacks Kawana's Mystery Length was won by Gavin Smith who win's \$50 Cash thanks to his 32cm Australian Bass submission. Tackle World Bundaberg's Rocket Cash was won by Zayne Young, who collected \$200 for his Golden Perch capture.

The October Mystery Length Code is: **AP8**.

Aaron takes the Flathead record with this 88cm fish.

Zaynes RC winning \$200 Golden Perch.

The Spotters Sunglasses Leaderboard is starting to see some movement with Braith adding to his lead, Zayne staking a claim on 2nd and Steve pushing Justin to 5th. The current top 5 anglers are:

Ranking	Angler	Points
1 st	Braith Young	714
2 nd	Zayne Young	659
3 rd	Jason Spence	655
4 th	Steve Binney	628
5 th	Justin Lochler	606

This month the random fish entry is a range of lures donated by Sebile, which I'm sure will be a very welcome addition to the lucky winner's tacklebox. To go into the draw simply submit a fish this month.

Good luck this month, and with the warming weather and water temps rising I'm expecting to see some of those summer species starting to turn up.

Happy Fishing, *Matt*
